How to in Details

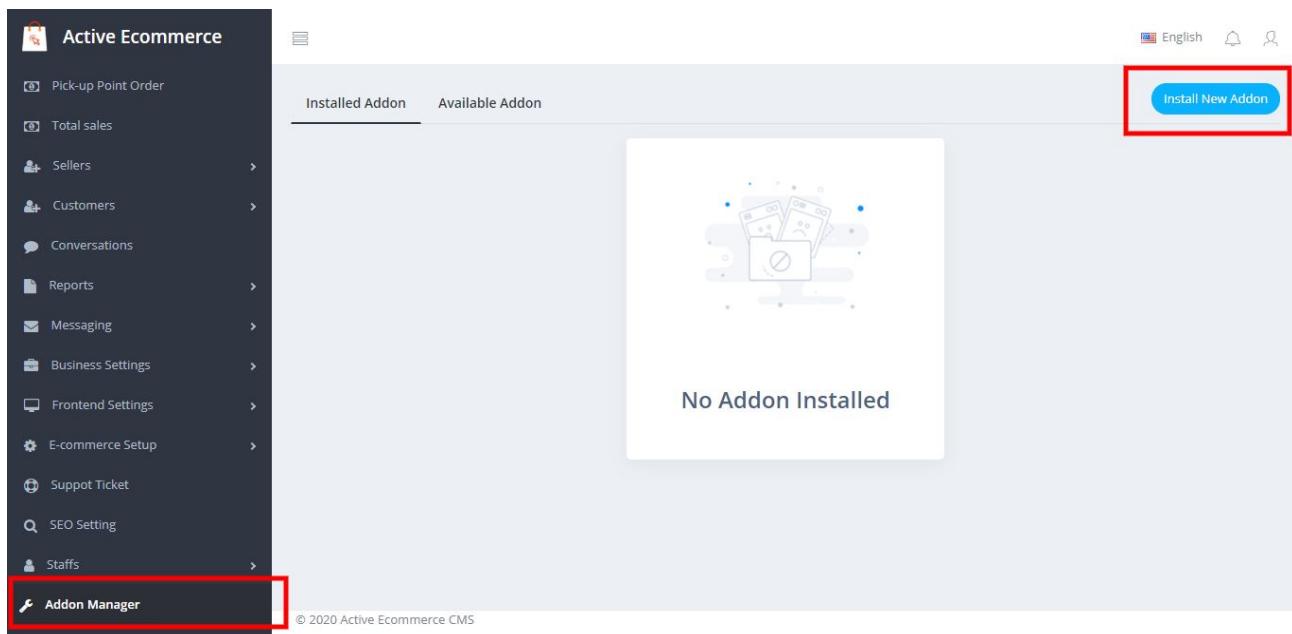

1. What is Club Point?

Answer: Club point is a feature that gives some reward points to customers after purchasing any product. Customers can convert those points into wallet money using what they can purchase other things.

2. How to install the script?

Answer: To install Club Point you need to follow the below steps :

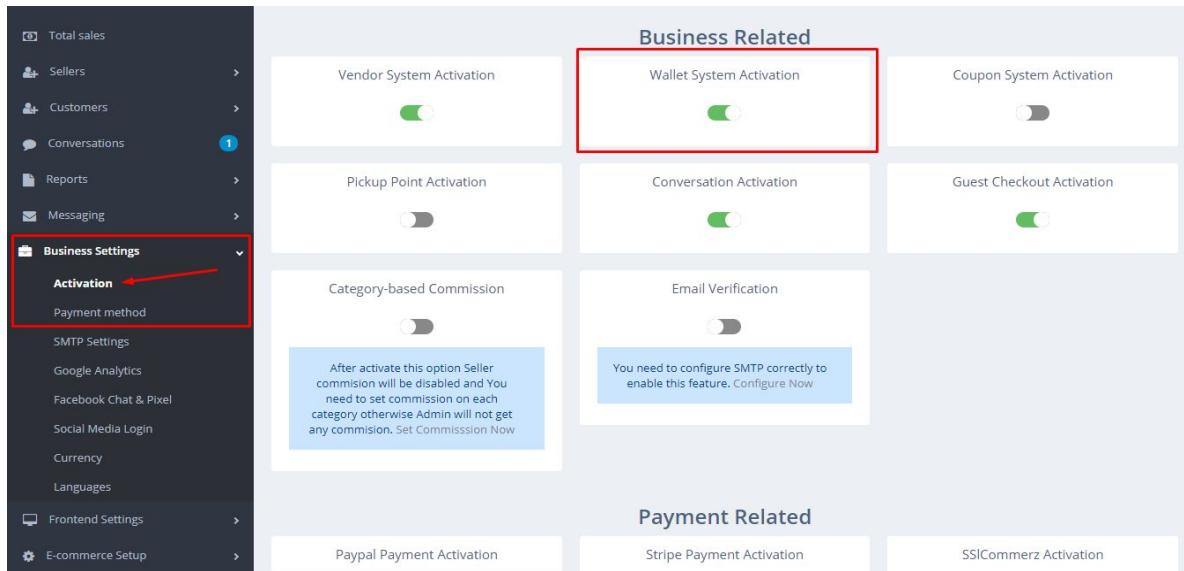

- **Active eCommerce cms** should be **pre-installed** on your server.
- **Purchase and Download the Club Point Addon file.**
- **Login** into your admin panel of the system
- Go to **Addon Manager**
- Click on **Install New Addon**
- Choose the **downloaded zipped file** and click on **Install**.
- After Installation, you will find the **Club Point System Menu** in your **left sidebar** of the admin panel.
- Now you need to **configure the Club Point System Addon**.

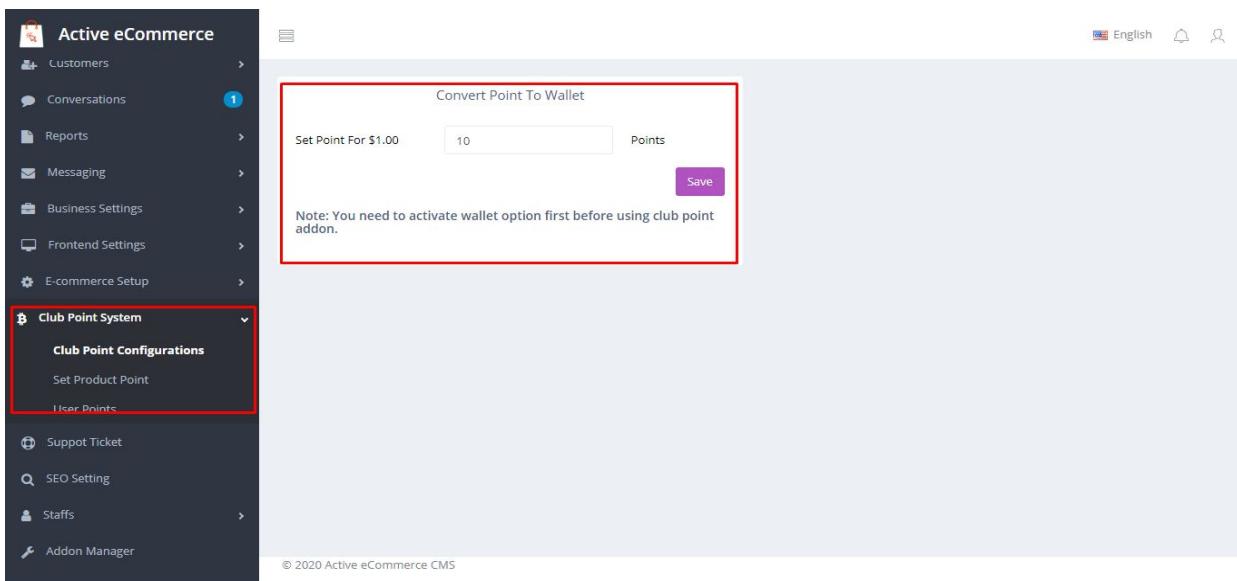

3. How to configure the Club Point Addon?

Answer: After installation you need to configure the club point addon. To configure club point Addon you need to follow the below steps :

- First you need to **Login** into your admin panel and **Activate your wallet system** from the **Business Settings -> Activation**.

- Now, go to the **Club Point Configuration** sub-menu under the **Club Point System Menu** from the left sidebar.
- Fill up the **form** with point to wallet money conversion rate and Click on Save.

4. How to set Points for Product?

Answer: You can set the points for the products in two different ways.

Way-1: Set Points for multiple products at a time

- Login into your admin panel and Go to Set Product Point under Club Point System from the left sidebar.
- You will get a form on the right side of that page.
- You just put min price, max price and how many points you want to set for those products that are between min price and max price.
- Click on save.

The screenshot shows a dark-themed admin dashboard with a sidebar on the left containing various navigation items. A red box highlights the 'Club Point System' section, which includes 'Club Point Configurations' and 'Set Product Point'. The main area displays a table of four products with columns for #, Name, Product Owner, Num of Sale, Base Price, Rating, Point, and Options. To the right, a modal window titled 'Set Point for Product' is open, also with a red border. It contains fields for 'Set Point for multiple products' (set to 100), 'Min Price' (2.5), 'Max Price' (2700), and a 'Save' button.

#	Name	Product Owner	Num of Sale	Base Price	Rating	Point	Options
1	MR K Young Men Short Sleeve T-Shirt Casual Round Neck Slim Fit	Admin	242	75.00	5	50	Actions ▾
2	Snow Bike 20 inch 21 speed double disc mountain Fat Bicycles	Mr. Seller	70	330.00	0	50	Actions ▾
3	BEOU Sports Downtow Carbon Wheels Ultra Superlight Urban Bike	Mr. Seller	299	599.00	0	50	Actions ▾
4	Apple watch Silver (64GB/12:	Admin	2135	499.00	5	50	Actions ▾

Way-2: Set points for individuals product

- Login into your admin panel and Go to Set Product Point under Club Point System from the left sidebar.
- You will get all products on that page.
- Edit the product from this page by clicking the Options button.
- Set Points for that product using a form and click on Save.

#	Name	Product Owner	Num of Sale	Base Price	Rating	Point	Options
1	MR K Young Men Short Sleeve T-Shirt Casual Round Neck Slim Fit	Admin	242	75.00	5	50	<button>Actions ▾</button>
2	Snow Bike 20 inch 21 speed double disc mountain Fat Bicycles	Mr. Seller	70	330.00	0	50	<button>Actions ▾</button>
